

### **an hour before daylight pdf**

Daylight saving time (DST), also daylight savings time or daylight time (United States), also summer time (United Kingdom and others), is the practice of advancing clocks during summer months so that evening daylight lasts longer, while sacrificing normal sunrise times.

### **Daylight saving time - Wikipedia**

Seasonal change in the hourly length of daytime. Since the daytime duration varied with the seasons, this also meant that the length of the hour changed, with shorter hours in winter and longer hours in summer. The Romans also understood that the length of daytime depended on latitude.
