

from a logical point pdf

A logical fallacy is a flaw in reasoning. Logical fallacies are like tricks or illusions of thought, and they're often very sneakily used by politicians and the media to fool people. Don't be fooled! This website has been designed to help you identify and call out dodgy logic wherever it may raise its ugly, incoherent head.

The recent movie •Transcendence• will not be troubling the sci-fi canon of classics, if the reviews are anything to go by. But its central plot device • uploading• a human consciousness to a computer • remains both a central aspiration of transhumanists, and a source of queasy fascination to the rest of us.
