

relocated lives displacement and pdf

Population transfer or resettlement is the movement of a large group of people from one region to another, often a form of forced migration imposed by state policy or international authority and most frequently on the basis of ethnicity or religion but also due to economic development.

Population transfer - Wikipedia

Environmental migrants are people who are forced to leave their home region due to sudden or long-term changes to their local environment. These are changes which compromise their well-being or secure livelihood.

Environmental migrant - Wikipedia

The Cabrini-Green Housing Projects in Chicago, Illinois were some of the most infamous in the country. Decades of poverty and violence rendered them near uninhabitable.
